

To fly in Christ☺

After 5 years and a half of walking, sometimes running, sometimes falling on my knees in Colombia, **I fly again** ☺.

3 years ago, I visited Bethel School of Supernatural Ministry (BSSM) in Redding, California; and I felt God whispering to my heart like He tends to do, that I was going to be back there to study with Spirit-Filled people who would help me **expand my wings**. I also felt in my heart that day that I was going to come back to **worship Him in Asia**, specifically Japan, but that is topic for a different letter.

I “said good-bye” to my Friends and family, and I write this in quotation marks because I am taking my close ones with me, in my heart and my daily routines... However, it was beautiful to be able to say “see you later” with kisses and music like we do it in my beautiful Colombia.

Arriving to California like to a satellite of Colombia, picked up at the airport by my friend Kelly Fox whose soul is from Cartagena. Then settling at Sol’s house, a strong psychologist who has been living in the U.S for seven years, and of course, getting together with my friend Marcela Jacobson from Barranquilla, that has been strengthening me with her prayers since I met her in 2019.

Bethel School of Supernatural Ministry (BSSM), Redding-California

I have started at BSSM, and it has been supernatural indeed! In three weeks, I have felt freedom, spiritual warfare and my love for God being rekindled...I am excited for liberty, breakthrough and power for me as His Princess, and for my context and the nations. These are some prayer requests to experience this adventure together☺:

1. Strength, truth and guidance from God
2. Training and guidance to serve Him once more in Asia (specifically Japan)

3. Wisdom and love to live in community again (not easy when you have lived on your own for almost nine years hahaha)
4. Provision and abundance in all areas (spiritually, physically, financially and emotionally) also to overflow in the lives of others.

Thank you for being there, it means soooo much to me.

Mucho amor,

Natalia Zapata
